Custom Luxury Homes

STRIVING FOR PERFECTION IN HARMONY,
INNOVATION AND CRAFTSMANSHIP!

Our Mission is to uphold the highest standard of excellence and yet go beyond, always reaching for new heights in design and innovation within the custom home construction industry. Our unyielding commitment with vision to the creation of outstanding residences within highly desirable communities with a view to unceasingly integrating state-of-the-art design and artistry coupled with cutting edge technologies in the creation of your new home is our driving force.

We attempt to make use of all attributes of natural light, site location and terrain combining nature's beauty in order to enrich the communities in which we create your new home.

We make every effort to use the highest quality skilled, reliable trades and materials together with a team of experts within various fields of professionals to facilitate the highest results.

Our Word, Customer Satisfaction and Trust, stand paramount in importance to us. We will work very diligently to earn your trust and satisfaction as our client within your new residence. Our commitment to you as to our past clients is why our past Buyers recommend "**VERSI GROUP Luxury Homes**" to their business colleagues, friends and family members.

The artistry in using intelligently well-thought-out layouts and beautifully designed interior plans together with elegant finishings, readily present the cornerstone for creating "*magnificent homes of distinction*".

"OPENING THE DOORS TO YOUR FUTURE!"

70 Highland Crescent

BRILLIANT USE OF NATURAL SUNSHINE!

Situated on stately Highland Crescent in the heart of the "York Mills Enclave", this all new, exceptional stone and stucco home offers you the very best of location, craftsmanship and personal amenities within a highly prized and centrally located family neighbourhood.

Finished with impeccable elegance, artistry and exceptional attention paid to quality and detail, this spectacular new single family home is a true testament to "LA DOLCE VITA". A masterpiece, designed and built by "**VERSI GROUP Custom Luxury Homes**", this property incorporates the use of brilliant natural sunshine together with 10 foot plus ceilings on the main floor, engineered joists for arrow-straight floors, a magnificent use of natural limestone flooring, pre-wired speaker systems, state-of-the-art security system, high transition archways with full custom architecturally designer-panelled detailing in the archways and ceilings, custom designer wainscoting, exceptionally generous sun-filled window space, designer baseboards throughout the house, quadruple hinge systems on the main floor with over-sized solid core doors, triple hinge systems on the upper and lower levels also with solid core doors, radiant heated floors throughout the entire lower level as well as all washrooms throughout this home, decorative architectural back-lit ceiling designs in the family room, dining room and the master bedroom as well, a brilliant designer created flared skylight flooding this home with natural warm sunlight.....AND THE LIST GOES ON!

This property is *exquisitely* detailed in the true sense of the word. There are under fascia lighting for the exterior of the house, underground irrigation sprinkler system and an extensive amount of pre-wiring throughout the home to accommodate telephone, media and security requirements including smoke detectors. There are built-in audio speakers in the dining room, kitchen, family room, master bedroom and exercise room, recreation room for the sound system and as well a secondary intercom/sound system connecting various stations throughout this residence. Pre-wiring for the home theatre/flat screen in the family room and Master Bedroom Lounge including accommodation for a full set of surround-sound speakers and triple satellite hook-ups throughout has been provided for. Installations also have been provided for allowing for communication with visitors via the home phone system and as well access

controls from remote locations. All wiring for the sound applications terminate in a central wiring area installed in the Master bedroom lounge/sitting room. A second Sound System can be found in the kitchen housing an AM and Fm Radio and CD Changer System which is capable of Sound Throughout..... Beauty and "state of the art" in a single package... *FANTASTIC!!*

From the classic patterned concrete driveway and entranceway with a planter box inset on either side of an outstanding Custom Oversized Mahogany double front door entry, flanked by two frosted privacy windows and sets of exterior carriage lights, you are welcomed into the marvellous cathedral foyer with 24" x 24" natural limestone which measures approximately 8.50 feet wide by 34.00 feet in length. The grandeur of this home wraps you in the warmth of fabulous luxury of sophisticated limestone, architecturally designer paneled transition archways, 10 foot high plus main floor ceilings soaring up to the brilliant sun-filled flared skylight above, custom designed wainscoting, various over-sized crown mouldings, high intensity halogen recessed lighting, bright and open views right through to the custom cedar decking and mature rear garden.....one definitely gets more than just "*^ GREAT FIRST IMPRESSION*".

The elegant living room features 4 inch wide quarter-sawn oak floors, gas fireplace with a custom designed marble hearth and custom designed marble mantle, crown mouldings, an extra large single accent window on either side of the fireplace in addition to the over-sized double window on the adjoining south facing front wall, marvellous high transition archways with full custom architecturally designer-panelled detailing, leading both from the foyer as well as into the living and dining rooms. In addition to the continuous flow of 4 inch quarter-sawn oak flooring in both the living and dining rooms and beautiful wainscoting emanating from the main hall, the adjacent dining room also enjoys the benefits of custom detailed ceiling of double crown moulding with architectural designer back-lit lighting, flush mounted floor mood lighting, recessed halogen ceiling lighting, three elegant windows streaming natural light and direct access via a bi-swing bevelled glass French door to a very practical Butler's Pantry with a giant sized walk-in shelved pantry, allowing for the best in efficient and enjoyable dining for those lovely dinner parties.

All that *exquisite cuisine* will come from your spectacular kitchen designed to be both a chef's delight and the perfect gathering area for close friends and family. It features antiqued white, custom solid Maple cabinetry, superb quality custom antique Labrador grey granite countertops, tumbled marble designer backsplash, a super sized granite-topped centre island with a vegetable preparation sink, a second Miele dishwasher, a Butler's pantry with granite countertop and plenty of storage area from the walk-in pantry, incredible pull-outs, fabulous storage facilities, high intensity halogen recessed lighting, over-sized crown mouldings, under-cupboard valence lighting and a "utility station" suitable for telephone, TV or a computer. There is a full suite of luxury stainless steel appliances included in this property such as a six burner Viking gas BBQ stove and double oven, a

Viking warming drawer, 1200 CMF professional extractor hood fan, Viking double-door fridge/freezer with matching cabinet panelling, under-mounted stainless steel sink and garburator with vegetable spray, soap dispenser and designer faucet, 2 Miele dishwashers with stainless steel panelling and a Viking microwave oven. The beautiful 24" x 24" natural limestone floor flows seamlessly into the adjoining spacious and sun-filled family room... perfect for entertaining friends, relatives and sharing the best in your family life.

The spectacular family room, with flush mounted floor mood lighting, 4 inch wide quarter-sawn oak flooring, offers a gas fireplace with granite surround and custom built mantle, architecturally designer paneled transition archways, copious amounts of built-in shelving and cupboard space, double crown mouldings, high intensity halogen recessed lighting with the custom designed backlit architectural ceiling, a wall of gorgeous oversized windows facing the mature treed rear garden with tiered planting beds leading down to the lower level finished basement and a custom designed Cedar deck equipped with bench and planter boxes. The family room has been fully pre-wired for home theatre or flat screen. This combined kitchen and family room space delivers a fantastic day to day activity area where the best that life has to offer can be enjoyed in privacy, comfort and luxury... **SIMPLY FABULOUS!**

The main floor library/office is very spacious with over-sized solid oak bevelled glass French entry doors off the main hallway, 4 inch quarter-sawn oak flooring, custom oak crown mouldings, high intensity halogen recessed lighting and fabulous custom designed oak floor-to-ceiling built-in bookcase complete with lower storage cupboards. The library has a second rear entry door from the hall leading in from the garage.

Should privacy be an issue, the garage has a private side entrance through the tandem third car area entering the mud room and directly into the library without directing access through the main part of the house. The mud room is finished with a dog bathing area, architectural wainscoting and a matching 24" x 24" limestone floor.

This ground level is completed by a luxury powder room with 24" X 24" limestone floor, designer crown moulding, sconce lighting and marble topped custom designer vanity with under-mount sink.

The stairwell to the second floor is both grand in design and elegant in execution. The custom designed oak staircase flows gracefully to your upper level, allowing for effortless traffic flow and a welcoming visual integration. Flanked on one side by a beautiful custom-designed oak newel post and a marvellous run of closely spaced, custom designed iron spindles and on the other by architectural designed wainscoting flowing right to the second floor... the stairwell becomes a central focal point as special as the rest of this home. The area is crowned by a fabulous custom built flared skylight diffuser radiating generous amounts of

brilliant sunlight throughout the entire central hallway. **ONCE AGAIN...
SIMPLY INCREDIBLE!**

The upper hallway is spacious, bright and inviting because of the magnificent flared backlit skylight above, detailed with 4 inch wide quarter-sawn oak floors, crown moulding, architectural designed wainscoting, double door linen closet and high intensity halogen lighting. It offers direct access to a second floor laundry room complete with LG front-loading washer and dryer, a 24" x 24" limestone floor, cupboards, laundry sink and generous folder counter.

The Master Bedroom has 4 inch quarter-sawn oak flooring, a wonderful lounge or sitting room with gas fireplace and custom built-ins pre-wired for a flat screen monitor, architecturally designer backlit ceiling with double crown mouldings, high intensity halogen lighting, north facing windows, a large walk-in closet with built-in organizers, granite-topped centre island, a luxurious seven piece ensuite with steam shower and double whirlpool tub. **IF EVER THERE WAS A TRUE "MASTER BEDROOM", THIS IS SURELY IT!**

The seven piece Master Ensuite is both luxurious and practical. There is a radiant heated super-sized custom designed ceramic floor with marble insert, custom vanities with marble countertops, two under-mounted sinks, halogen lighting, crown moulding, a whirlpool double tub for two with marble surround and deck detailed in superb quality "Delicata White", a stunning designer make-up vanity for the Lady of the House, a glass oversized steam shower, custom benched, with Rain shower head - 6 body massage shower heads and a hand-held unit, a large north facing window and a separate water closet with toilet and bidet.

There are four additional bedrooms on this floor each finished with 4 inch quarter-sawn oak floors, large window areas and generous closet space, all with built-in organizers. Each bedroom is paired with its own direct access to a 4 piece ensuite bathroom. Each washroom has its own whirlpool tub and features limestone floor tiles, step-in glass and ceramic tub/shower with hand-held unit, a custom vanity with marble top and under-mount sink.

The Lower Level:

Access to the lower level is via a sweeping staircase to magnificently appointed facilities for both family and guests. In keeping with the high standards used throughout this home, this lower level area has been completed with high quality use of limestone, wainscoting, custom oak stairs and is generous true to form with a 9 foot ceiling height and triple hinge solid core doors.

All rooms on this lower level have a nine foot plus ceiling height and are fully heated entirely by an in-floor radiant heating system. There is a very spacious recreation/party room with oversized windows opening to the lower patio area as well as the tiered garden and large walk-up to the upper rear garden. This home

has been designed to take every advantage to the use of natural light right down to the lower level. The recreation room is large enough to hold a pool table and a ping pong table etc. Beside the granite counter-topped wet-bar, there is a most generous storage area finished in large slab 24" x 24" limestone as well. For the wine connoisseur, there is a wine cellar provided for within the recreation room area which has been completed with cedar wine racking.

In addition, for visiting guests or a live-in nanny, there is a sixth bedroom, finished with wall-to-wall broadloom and has been provided with its own 4 piece washroom also with a whirlpool tub/shower. The washroom floor has been done in natural limestone.

To service guests and family, there is a separate lower level two-piece washroom off of the main hallway with custom vanity and an under-mounted sink. This 2 piece washroom also has a second entry door from the sauna and shower areas just off of the gymnasium.

In keeping with the luxury of a home of this calibre, this property comes with a fully finished gymnasium/exercise room housing a super-sized hot tub. The area in front of the hot tub is provided for the future exercise equipment. The floors are bordered limestone with 24" x 24" limestone centre and the walls have been completed in over-sized designer ceramics from floor to ceiling and is completed with special detail in consideration of the giant hot tub. Great care has been taken to give natural light to this facility as well.

The additional bathroom shower area to service the gym/exercise room is finished with a limestone and marble inset trimmed floor, and a separate massive ceramic and glass-enclosed shower with a Rain shower head. Last of all, this level also has a custom designed dry sauna system just opposite the glass shower and adjacent gymnasium/exercise room, for your ease, comfort and convenience.

The most incredible room in this home is going to be the "Home Theatre". An absolutely stunning use of creativity, craftsmanship and superb detail.

Ample storage space has been provided for and in addition more space is available in both a finished storage area with limestone floors off the recreation room which was excavated under the third car garage. There is a lower level furnace room and sump pump areas (cold rooms). A second gas furnace system has been provided for in the attic of this lovely home to maximize dual zone heating and air conditioning etc.

Each floor of this home houses its own separate circuit breaker panel for easy access where it all comes together from an operational perspective. There are two high efficiency gas furnace systems, 200amp electrical panel, central vacuum system, 60 gallon hot water tank (rental), two ¾ inch manifold systems

controlling all household water distribution and the radiant floor heating system plus “circuit breaker panels” per floor. All media, communications, security and control wiring come together in appropriate and convenient locations. The control areas are large clean and bright and have been designed for ready access to all the home’s mechanical systems for easy control and servicing.

Intelligently designed and built with care, quality workmanship, the use of the best materials and exceptional attention to detail, **70 HIGHLAND CRESCENT** is a brilliant home creation of style and comfort, eminently suited for today’s modern family life. Perfectly located in a highly prized “Old Toronto” neighbourhood, it affords ideal proximity to superior schools, parks, easy access to the subway at York Mills and Yonge, playgrounds, private clubs, gourmet shops and fine dining. Only 20 to 30 minutes from the city’s downtown core and about one half hour from the airport, this location presents a superb urban family setting.
